

Neville UK supports the United Nations Sustainable Development Goals (SDG's). Of the 17 SDG's, we've identified a selection of goals where we can make the biggest contribution.

GOOD HEALTH AND WELL-BEING

Ensure continued promotion and support for healthy living and well-being both within Nevilles and our suppliers

NO POVERTY

Actively contribute towards mitigating poverty within Nevilles and through responsible sourcing programmes

AFFORDABLE & CLEAN ENERGY

Reduce our overall energy consumption year on year and increase use of energy from sustainable sources

DECENT WORK & ECONOMIC GROWTH

Ensure full compliance to the Nevilles Code of Conduct protecting the rights of all employees, throughout the supply chain, to work in a clean and safe environment

RESPONSIBLE CONSUMPTION & PRODUCTION

Removal of excess plastic packaging and actively work with and encourage suppliers to reduce their plastic consumption

CLIMATE ACTION

Offsetting our carbon footprint whilst actively working towards becoming a carbon neutral business
